#### 4. JNC RECOGNISED PROGRAMMES - 1982 TO DATE

When CETYCW (Council for Education and Training in Youth and Community Work) was established in 1982 to undertake the professional validation function it was agreed that programmes recognised at that time by the JNC would remain on the list until such time as CETYCW had considered them formally for validation. This ensured that no students would be disenfranchised by the process. It took several years to consider all existing programmes and others being proposed. That process was completed by the late eighties, after which all programmes have been subject to a five year review. The review of the Guidelines (September 1997 and more recently 'Requirements, September 2001') required that all programmes are subject to comprehensive review at least every five years, and monitoring on an annual basis.
