The YOUTH WORK CODE

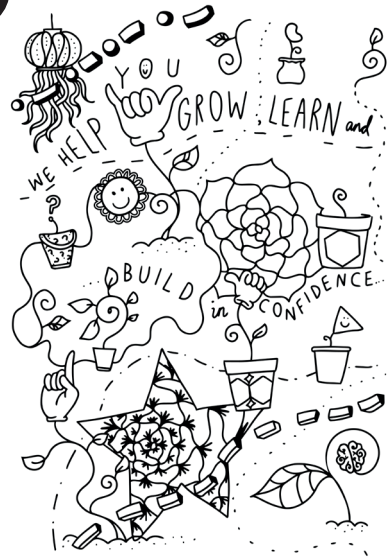

Intention for creative engagement..

As well as colouring, doodling and writing on these pages, why not try these things too:

- Complete the designs on the shields.
- Draw items on the scales to balance them.
- Decorate plant pots, add flowers and leaves to the plants.
- Turn the stars into characters.
- Add faces to all of the shapes you see.
- Fill in the speech bubbles and add faces to all of the shapes you can see.

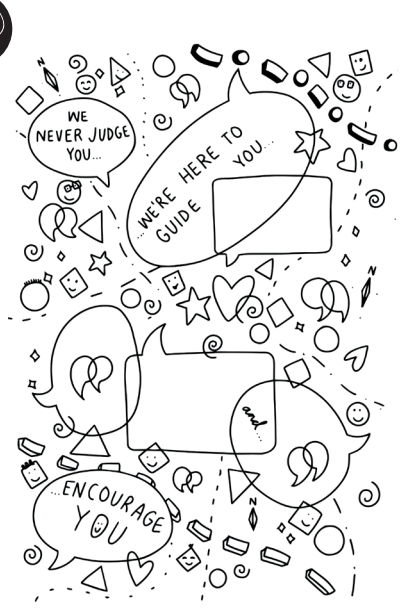

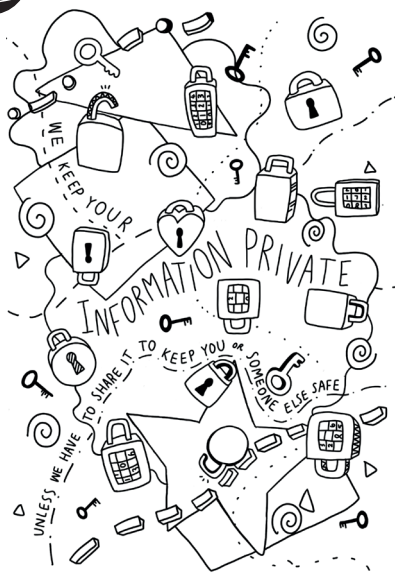

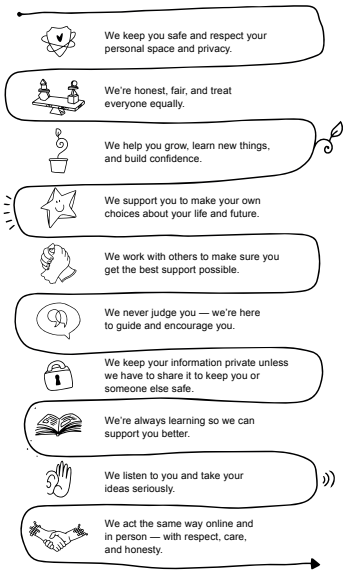

National Youth Agency

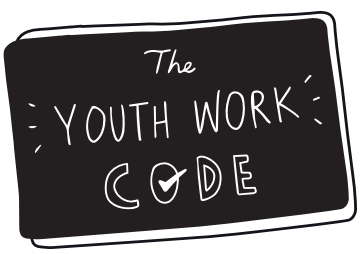

Intention for creative engagement..

As well as colouring, doodling and writing on these pages, why not try these things too:

- Complete the padlocks and number codes.
- Design some of the book covers.
- Animals' ears twitch when they listen. Can you complete their faces?
- Fill in the blank screens and add some messages.

Get creative. Add your own designs to the doodle lines around the statements, and give the Youth Work Code page your personal touch with colour and style.

We keep you safe and respect your personal space and privacy.

We're honest, fair, and treat everyone equally.

We help you grow, learn new things, and build confidence.

We support you to make your own choices about your life and future.

We work with others to make sure you get the best support possible.

We never judge you — we're here to guide and encourage you.

We keep your information private unless we have to share it to keep you or someone else safe.

We're always learning so we can support you better.

We listen to you and take your ideas seriously.

We act the same way online and in person — with respect, care, and honesty.
